

**BD Otomotiv ve Elektrikli Araçlar Sanayi
ve Ticaret A.Ş.**

PRODUCT SAFETY POLICY

As BD Otomotiv to ensure the safety and sustainability of the products we offer to our customers, we commit to:

- Designing, manufacturing, and testing all our products with a focus user safety and functionality.
- Eliminating or reducing risks to acceptable legal levels by preventing hazards that may arise throughout the product life cycle,
- Ensuring full compliance with national and international legal regulations and product safety standards in all markets where we operate,
- Conducting rigorous testing of our products in terms of durability, functionality, and safety to meet customer needs and safety standards,
- Organizing regular training sessions to raise awareness of product safety among our employees,
- Collaborating with our suppliers and business partners to ensure product safety throughout the supply chain,
- Valuing customer feedback and using it to enhance our product safety performance.
