**We electrify Transport**

# Now is the time

Now is the time to incorporate electric vehicles into your fleet with BEDEO. Our electric vehicles are designed to deliver the highest levels of performance and reliability in an urbanised environment, meaning your business can do the same.

[www.bedeo.tech](http://www.bedeo.tech)

**100% ELECTRIC**

**248 KM RANGE (154 MILES)**

**ZERO EMISSIONS**

**Big load.** We offer large vans from 3.5 to 4.25 tons GVW with best in class loading capacity: volumes from 11.5 to 17m<sup>3</sup>, and payloads of up to 1850kg.

**No Fees.** With our 100% electric commercial vehicles, for example driving in Central London there's no congestion charge.

**Be green.** All our vans are zero-emission clean, with no CO<sub>2</sub>, NO<sub>x</sub> or PM, helping you run a cleaner, greener, more sustainable business.

**Charge up.** We offer you the choice to charge overnight or on the go with 5h (22kW) or 1h (50KW) fast charging options for the 75 kWh battery. Once and about, our vans provide you with a great working range of 248 km (151 miles).

**Day or night delivery.** Our quiet vans are pleasant and less stressful for your driver and the surrounding environment, making driving at night or in sensitive areas a breeze.

**Driver pleasure.** Automatic gear boxes, regenerative braking systems and smooth acceleration means our vans are easy and safe to use, benefitting your drivers and allowing them to focus on the job in hand.

# Trusted By Leading European Companies

BEDEO is proud to serve a wide range of satisfied customers, to which it has already supplied over 750 vehicles to trusted partners including Stellantis Group, DHL, Ocado, Sainsbury's, Aras Cargo, Migros, Fedex, Turkish Post Office (PTT) and Ülker.

Our customers trust us to provide their fleets with safe, reliable, 100% electric vehicles. With benefits to the environment, noise pollution and fuel consumption, it's no wonder electric fleet sizes are growing.

## A Solution To Every Problem

Our vans are available in panel van and chassis cab models, so whatever your load there's an option for you. With flexibility in mind, we offer bespoke vans depending on your specific transporting needs e.g. refrigerated, dropside or tipper vehicles to suit your business.
